Message from UNICEF HK Chairman

"When we protect the youngest members of the human family, we build a better world."

António Guterres, Secretary-General of the United Nations

Dear friends and supporters,

As you turn the page of this annual report, I invite you to reflect on a sobering reality: in 2025, the world remained deeply unsettled. Armed conflicts, climate-related disasters, and shrinking humanitarian resources placed millions of children at greater risk than ever before. Hard-won progress in child health, education, and protection faced unprecedented challenges. Yet these hardships did not stop us. Instead, they reinforced why our mission to protect children is more urgent than ever. No child should have their future defined by crisis.

UNICEF's major life-saving work in 2025 included responding to 414 humanitarian emergencies across 101 countries; delivering over 1.6 billion polio vaccine doses; providing services to prevent, detect, and treat wasting among 255 million children; expanding basic sanitation services for 170 million people; and distributing US$559 million in cash assistance to vulnerable households and frontline workers.

Guided by the UNICEF Strategic Plan 2026-2029, we remain dedicated to five primary goals: child survival, quality learning, freedom from violence, climate adaptation, and the eradication of child poverty. Every aid package delivered reflects our commitment to uphold the rights and dignity of every child, everywhere.

Empowering Children, Pioneering Partnerships

The imperative to protect children knows no borders, uniting our global humanitarian efforts with deep local action. Through the UNICEF Charity Run, thousands of runners and supporters came together to stand as heroes for children in need. Funds raised through previous HERO RUN events have not only supported UNICEF's work for children around the world, but have also assisted local children's programmes in Hong Kong - including sustaining critical psychosocial support for the Tai Po school community.

Beyond emergency care, protecting children requires persistent, cross-sector effort across every stage of their development, starting from infancy. Marking 10 years of the 'Say Yes To Breastfeeding' campaign, we celebrated a decade of policy breakthroughs—including statutory maternity leave expansion, enhanced legal protections against discrimination on the grounds of breastfeeding, and the launch of the Hong Kong Breast Milk Bank. Today, more than 2,800 workplaces and commercial outlets are actively advocating for breastfeeding and infant health.

As children grow from early care into active members of society, our mission evolves from protecting them to equipping them to lead. The UNICEF Young Envoys Programme has trained over 1,500 youth leaders, while the SDGs Student Ambassadors eLearn Pilot Scheme mobilized more than 37,000 students in the past 3 years. Through these programmes, the participants are not just preparing for the future; they are actively driving sustainable change for their peers and community today.

We owe these achievements to the collective commitment of our local partners, donors and community. Through trust, we gather strength; through care, we drive change. Step by step, we move toward a brighter vision, joining hands to build a solid foundation for a child-friendly Hong Kong.

Now, Children Need You

This annual report is more than a record of achievements. It is an invitation to act.

The story behind the numbers in 2025 is clear: progress is possible, but it is also fragile. Every new conflict, every disaster, and every funding shortfall can erase decades of gains for children in an instant. If we pause, children are the ones who will pay the price. If we look away, too many will be left behind.

That is why we cannot stop, and why "thank you" is not enough. Whether you choose to give, volunteer, advocate, or inspire others to care, your actions can make a lasting difference. And if you have already stood with us, we ask you to take one more step and bring others along.

Together, we can overcome even the greatest challenges.
But collective change begins with an individual decision.

Act today.
Join us in protecting every child and safeguarding every future.

聯合國兒童基金香港委員會主席的話

「保護人類大家庭中最年幼的成員，是在建立一個更美好的世界。」
—— 聯合國秘書長古特雷斯

各位同行者：

當您翻開這份年報，我想先邀請您看見一個事實：2025年，世界並不安寧。地緣衝突與自然災害交織重疊，人道主義救援資源日益緊縮，數以百萬計的幼小生命陷入困境，全球數十年來在兒童健康、教育與保護領域辛苦累積的進展，也面對嚴峻考驗。但逆境，沒有令我們停下。它反而讓我們更清楚，為何必須堅持。因為每一個孩子，都值得被保護；每一個童年，都不應被危機定義。

2025 年，UNICEF 在全球 101 個國家及地區進行了 414 次緊急救援；交付超過 16 億劑小兒麻痺症疫苗；為 2.55 億名兒童提供預防、檢測及治療消瘦症的服務；將基本衞生設施覆蓋至 1.7 億人；並發放 5.59 億美元現金援助，惠及脆弱家庭與前綫工作人員。這些不是冷冰冰的數字。它們是孩子活下去的機會，是家庭撐過難關的力量，也是您與我們一起寫下的改變。

在《UNICEF2026-2029策略規劃》引領下，我們繼續堅定聚焦五大核心目標：生存與發展、學習與技能、免受暴力侵害、災難及環境風險防護，以及免受貧困。每一份送往孩子手中的救援物資，都凝聚著我們對守護世界各地每一個孩子尊嚴與權利的承諾。

賦能新生　攜手同行

守護兒童的信念無分界限，它將全球危難中的救援使命，與香港這座城市的溫暖力量緊密相連。

透過「UNICEF 慈善跑」，數以萬計的跑手與支持者齊集，化身為脆弱兒童的堅實後盾。歷屆「HERO RUN」籌得的善款，不僅支援 UNICEF 在全球的生命救援工作，亦持續關顧本地兒童的福祉，包括為受火災影響的大埔校園提供關鍵心理支援，在艱難時刻傳遞溫暖與希望。

守護，不單是危難中的及時援手，更是持續的關懷與支持。從生命最初的滋養開始，到跨界別的長期耕耘，我們用心守護孩子成長歷程的每一階段。

適逢「Say Yes To Breastfeeding」運動十周年，我們見證了這十年來的突破——包括法定產假延長、立法保障母乳餵哺免受歧視，以及香港母乳庫的成立。時至今日，已有超過　2,800　間企業與公共場所響應加入，共同為嬰幼兒的健康成長構築支援網絡。

守護孩子的當下，亦賦能他們的未來，讓他們接棒成為引領時代改變的力量。「聯合國兒童基金會青年使者計劃」至今已培育逾 1,500 名青年領袖；而「SDGs 學生大使網上學習先導計劃」在過去三年間更創紀錄吸引逾 3.7 萬名學生參與。透過這些平台，青年人不單為未來作好準備，更在當下勇敢踏出第一步，為身邊的同儕與社區帶來深遠改變。

這些成果，有賴合作伙伴、捐助者及社會各界的支持。大家以信任凝聚力量，以關愛推動改變，令我們一步步邁向美好願景，攜手為建設兒童友善香港奠定堅實基礎。

現在，孩子們需要您

各位，這份年報不只是一份成績表。它是一份邀請。

2025年的數字告訴我們：改變是真實的，但改變也是脆弱的。每一場新的衝突、每一次新的災難，都可能將數十年的成果瞬間抹去。如果我們停下來，那些孩子就會被遺忘。所以，我們不會停下來，也不會只說「謝謝」。我們要說：孩子們需要您，請不要停下來。

如果您還未加入，現在就是加入的時刻。成為捐助者，成為義工，成為傳遞信念的人。如果您已經同行了一段路，請再多走一步。 把這份信念帶給您身邊的人，讓更多人看見，守護兒童不是少數人的責任，而是我們所有人的選擇。

無論前路有多崎嶇，齊心可抵萬難，合力可跨山海。但齊心，始於每一個人的決定。
改變，始於您願意行動的這一刻。

行動，就在今天。改變，始於此刻。
請與我們繼續同行——為每一個孩子，守護每一個未來。

Goal Area 1 目標一：

Every child **survives** and **thrives**

為兒童 **助其茁壯成長**

Over the past few decades, the world has seen remarkable reductions in under-five mortality, stunting and maternal mortality. Immunizations alone save nearly 4.2 million lives every year.

Progress, however, is fragile and uneven. An estimated 150 million children are affected by stunting and 43 million suffer from wasting. Severe food poverty affects one in four children under 5 and is a leading cause of malnutrition. For the first time, more school-aged children and adolescents are affected by obesity than underweight.

In 2025, UNICEF worked with governments in over 130 countries to strengthen resilient primary health care (PHC) systems, and supported maternal and child nutrition programming in 122 countries.

In 2025, UNICEF worked on Goal Area 1 in 148 countries, with a total expense of $3.33 billion, including $1.94 billion for humanitarian action.

過去幾十年來，全球五歲以下兒童死亡率、發育遲緩率及孕產婦死亡率大幅下降。光是免疫接種，每年就拯救了近420萬人的生命。

然而，進步之勢薄弱，且分布不均。全球仍有1.5億名兒童面臨發育遲緩，另有4,300萬名兒童正飽受消瘦症之苦。在五歲以下兒童中，每四人就有一人正面臨嚴重的食物匱乏，這亦是導致營養不良的主因。此外，學齡兒童與青少年肥胖的人數，更首次超越體重不足的人數。

2025年，UNICEF與130多個國家的政府合作，擴大基層醫療服務；並在122個國家為母嬰營養項目提供支援。

2025年，UNICEF在全球148個國家推行「目標一」相關工作，總支出達33.3億美元，其中19.4億美元用於人道主義救援行動。

Goal Area 2 目標二：

Every child **learns** and acquires skills for the future

為兒童 改善**教育**及裝備未來

As of 2024, over 270 million children and young people were out of school, there was a global shortage of 6 million pre-primary teachers, and 234 million crisis-affected children required urgent learning support. Across 48 low- and middle-income countries, over 90 per cent of children are unable to identify letter names or sounds, or read simple words after three years of schooling.

In response, UNICEF has focused on expanding access to quality learning, strengthening education systems and protecting learning continuity in the face of intensifying shocks. In the same time, UNICEF will focus on safe and scalable EdTech solutions, responsible AI use and climate resilience, while also advocating for increased and equitable education financing.

In 2025, UNICEF worked on Goal Area 2 in 143 countries, with a total expense of $1.56 billion, including $0.85 billion for humanitarian action.

截至2024年，全球有超過2.7億名兒童及青少年失學，學前教育教師的全球缺口達600萬人，並有2.34億名受危機影響的兒童迫切需要學習支援。在48個低收入和中等收入國家中，超過九成兒童在接受三年學校教育後，仍無法辨識字母、發音或閱讀簡單詞彙。

為應對上述挑戰，UNICEF致力聚焦於擴大獲取優質學習的機會、加強教育體系建設，並在面對日益加劇的衝擊時，全力保障學習的延續性。同時，我們亦將推動安全且可擴展的教育科技（EdTech）方案、倡導負責任的人工智能（AI）應用及提升氣候韌性，並持續爭取更多且更公平的教育資金投入。

2025年，UNICEF於143個國家為達成「目標二」的總支出達15.6億美元，其中8.5億美元用於人道主義行動支出。

Field Trip to China and Laos — Exploring Innovation and Child Friendly Cities

考察中國與老撾 — 探索兒童友好城市與創新實踐

The seven-day Young Envoy Field Visit blended technological innovation with cultural exchange. Starting in Hangzhou, Young Envoys explored how technology can support child-friendly urban planning through initiatives such as child-friendly healthcare systems and smart school-route monitoring. In Suzhou, the group discovered the intersection of cultural heritage and child participation, with the Suzhou Museum West's "one-metre perspective" design and child-tailored exhibits standing out as highlights. The final stop in Laos showcased community-driven environmental solutions, including school-based air quality monitoring and creative programmes that turn plastic waste into valuable resources. The journey left the Young Envoys deeply inspired and equipped with fresh perspectives, laying a solid foundation for their future advocacy on children's rights.

UNICEF Club 校園計劃
Continuously Cultivating Campus Advocacy
持續深耕校園倡議

UNICEF Club empowers student leaders to organize school-based activities that raise their peers' awareness of children's issues worldwide.

In the past academic year, over 600 students from 48 local and international schools participated in the UNICEF Club, collectively organizing nearly 120 creative and impactful school activities. These initiatives ranged from charity sales, second-hand drives, and donation campaigns to game booths and interactive workshops. Some schools promoted 'Clean Water and Sanitation' by guiding students to build water filters, while others highlighted 'Good Health and Well-Being' by encouraging physical activity in the gym. One school even took a hands-on approach to sustainability—starting by growing green onions and eventually making scallion pancakes to share with fellow students, all in the spirit of advocating for a more sustainable lifestyle.

Through this diverse array of activities, more than 20,000 students gained a deeper understanding of UNICEF's global mission, learned about children's rights and the Sustainable Development Goals, and shared these essential messages with their friends, teachers, schools, and wider communities.

UNICEF Club提倡學生主導並擔當領袖籌組幹事會，策劃校園活動以提升學生對世界兒童的關注。

於過去的學年，超過600多名來自48間本地及國際學校的同學參與UNICEF Club，合共籌辦近120個校園活動。活動形式包括慈善義賣、二手物收集與捐贈、攤位遊戲及工作坊等。有學校透過製作濾水器來推廣清潔飲水和衛生設施；亦有學校鼓勵同學到健身室運動，提升對良好健康與福祉的關注；更有學校從種植青蔥開始，最終製成蔥油餅與同學分享，貫徹可持續的生活理念。

透過各種精彩多元的校園活動，成功讓超過20,000名同學，了解UNICEF在世界各地的工作、認識兒童權利及可持續發展目標，並與朋友、老師、學校以及社區分享。

"To me, the key to participating in UNICEF activities is enjoying the journey. Rather than viewing the UNICEF Club as a duty, finding joy in it allows us to truly experience and respond to the needs of the world."

「我覺得參加UNICEF　的活動最重要是享受其中，不要把UNICEF Club當成一個你需要完成的工作，因為要樂於其中才能體驗這個世界的需要。」

"Through participating in UNICEF activities, I learned about what children truly need. Although we enjoy a relatively wealthy lifestyle in Hong Kong, many children in developing countries are not as fortunate. This has motivated me even more to understand their needs and help them."

Goal Area 5 目標五：

Every child has access to inclusive **social protection** and lives free from poverty

為兒童 提供共融**社會保障**，免於貧困生活

Children are twice as likely as adults to live in poverty. Additionally, over three in four children globally remain without access. In conflict-affected settings, extreme child poverty has increased, affecting more than half of children – five times as many as in more stable contexts.

In 2025, UNICEF supported cash programmes that reached almost 70 million households. The organization delivered a total of $559 million, consisting of $322 million in humanitarian cash assistance and $237 million in cash incentive payments to front-line workers.

The release of The State of the World's Children 2025: Ending child poverty – Our shared imperative, which coincided with the G20 Social Summit in South Africa, elevated child poverty reduction on the international agenda.

In 2025, UNICEF worked on Goal Area 5 in 157 countries, with a total expense of $0.61 billion, including $0.30 billion for humanitarian action.

兒童身處貧窮的機率高出成人一倍，並且全球仍有超過四分之三的兒童未能獲得相關保障。在受衝突影響的地區，兒童極端貧窮的情況日益惡化，已波及超過半數的兒童——這一比例是局勢穩定地區的五倍。

於 2025 年, UNICEF 支持的現金項目成功惠及近 7,000 萬個家庭。機構發放的現金總額達5.59億美元，當中包括3.22億美元的人道救援現金援助，以及向一綫工作人員發放的 2.37 億美元現金激勵津貼。

《2025年世界兒童狀況》報告的發佈，恰逢於南非舉行的二十國集團 (G20) 社會峰會，此舉成功將『減少兒童貧窮』這一議題提升至國際議程的戰略高度。

2025年，UNICEF 在 157 個國開展了「目標五」工作，總支出達 6.1 億美元，當中 3 億美元用於人道救援行動。

人道主義行動

In conflict and disaster, children suffer first and suffer most.
在衝突與災難中，受苦最深的往往是兒童。

An estimated 213 million children needed humanitarian assistance in 2025, up from 183.5 million in 2024, with complex, ongoing crises in places including Gaza, Yemen, Ukraine, Afghanistan and Myanmar, etc.

2025年約有2.13億名兒童需要人道主義援助，高於2024年的1.835億名。其中，加沙、也門、烏克蘭、阿富汗及緬甸等地區正面臨複雜且持續的危機。

Funding cuts forced front-line workers to make impossible choices, given limited supplies and capacity.
撥款減少導致物資短缺，迫使前綫人員作出極其艱難的抉擇。

In this challenging year, UNICEF embraced significant restructuring, working to cut costs, streamline and consolidate operations, share capacities across the United Nations system, modernize and harmonize supply chains and strengthen local partnerships, reinvesting these savings into front-line services and working to ensure that reforms prioritize children.

Across sectors – health, nutrition, HIV/AIDS, social protection, WASH, child protection and education – UNICEF remains committed to support children before, during and after emergencies.

在這個艱難年份，UNICEF進行了大幅度的結構性重組，致力於削減成本、精簡與整合營運、共用聯合國系統內的資源能力、推動供應鏈現代化與協調統一，並深化在地伙伴關係。將節省下來的資金投入前線服務，確保各項改革均以兒童的福祉為先。

無論是在醫療衛生、營養、愛滋病防治、社會保障、食水、個人及環境衛生(WASH)，還是在兒童保護與教育領域，UNICEF 始終承諾在緊急狀況下盡全力守護每一位兒童。

Legacy of Love - Every Little Means a Lot
「傳承愛」遺產捐贈計劃 —— 點點心意 人人有遺

In 2025, UNICEF HK organized a series of Legacy Seminars to promote end-of-life planning and legacy giving. Featuring expert speakers, the sessions covered vital topics including Will Drafting Arrangements, Enduring Power of Attorney, Advance Directives, and life story. Bringing together both existing donors and non-donors, the interactive seminars provided practical guidance on legal rights and compassionate end-of-life choices. Harnessing innovation
發揮創新力量

UNICEF worked to scale innovations addressing critical challenges for children, including working with partners such as Arm, Google, OpenAI, the LEGO Foundation and the Global Video Game Coalition to expand its delivery capacity.

The Venture Fund, a collaboration with innovators in emerging economies to build and test new solutions, expanded its reach from 31.7 million people in 2022 to over 115 million by 2025, and catalysed investment averaging 12 times the initial funding.

As a co-founder of the Digital Public Goods Alliance, UNICEF also advanced open, interoperable systems enabling safer, more resilient digital services for children at lower cost.

UNICEF 致力於擴大創新方案的應用規模，以應對兒童所面臨的重大挑戰；其中包括與Arm、Google、OpenAI、樂高基金會及全球電子遊戲聯盟等合作夥伴合作，以提升其服務能力。

UNICEF創投基金亦與新興經濟體的創新者合作，共同建構和測試新的解決方案。該基金的覆蓋人數已從 2022 年的 3,170 萬人，大幅擴展至 2025 年的超過 1.15 億多人，並帶動了平均平均相當於初始資金 12 倍的後續投資。

作為「數位公共財聯盟」的共同創辦者，UNICEF亦積極推動開放且具互操作性的系統，以更低成本為兒童提供更安全、更有韌性的數位服務。

Changing knowledge isn't enough to change behaviours. UNICEF partners with communities to understand their needs, identify their strengths and lower barriers to positive change. UNICEF works with children, adolescents, families, communities, public systems and the private sector to build more peaceful, equitable, inclusive and resilient societies, through people-centred decision-making and increasing practices that protect children.

In 2025, UNICEF implemented sector-specific community engagement and social and behaviour change initiatives in 119 countries with programmes including fostering demand for immunization, increasing access to life-saving services in public health emergencies, preventing violence against children, supporting parenting, promoting positive discipline, and encouraging protective behaviours.

僅靠改變認知不足以促成行為的轉變。UNICEF 與在地社群緊密合作，了解他們的真實需求、發掘其潛在優勢，致力消除改變的阻礙。我們連結兒童、青年、家庭、在地社群、政府與企業，以人為本，實踐保護兒童的行動，攜手打造更和平、平等、包容且富有韌性的社會。

2025 年，UNICEF 於 119 個國家落實了專業的社群參與及社會行為改變專案。從提升疫苗需求、急難救助中的衛生服務推廣，到防範兒童暴力、支持親子教育與積極撫育，全方位引導並深化各項保護兒童的行為。

Ensuring gender equality
確保性別平等

In 2025, UNICEF continued to work for the empowerment of girls and women, especially in the most vulnerable contexts.

Nearly 10.4 million adolescent girls in 50 countries benefited from child marriage prevention and care interventions, while 19.2 million people across 67 countries engaged in community dialogues to challenge discriminatory social and gender norms. Since 2022, prevention, care and protection services related to child marriage and female genital mutilation reached over 50 million girls and women.

Adolescent girls helped shape solutions and mobilize peers through the Global Girl Leaders Advisory Group and POWER4Girls, a new initiative that contributed to the scale-up of evidence-based, girl-focused programmes benefiting 5.4 million girls and over 11 million people in 15 countries.

2025年，UNICEF繼續推動女童與婦女賦能，尤其是在最脆弱的環境中。

UNICEF在50國提供關懷服務，協助了近1,040萬名少女擺脫童婚風險；並在 67 國動員 1,920 萬人參與社區對話，挑戰性別歧視社會風俗和性別規範。自2022年起，防範童婚與女性割禮的救助服務，已累計惠及超過5,000萬名女童與婦女。

透過「全球女孩領袖諮詢小組」與全新的「POWER4Girls」倡議，青春期女性從被救助者轉變為推動改變的主導者。這項新計劃已成功推廣至 15 個國家，讓 540 萬名女童與超過1,100 萬人受惠。

Understanding the situation of children through data

數據視角下的兒童現狀

Smart use of data saves and transforms lives. With the right data in the right hands at the right time, decisions become better informed, more equitable and more likely to protect children's rights.

UNICEF leveraged over $112 million for child-related household surveys and continued to support governments to conduct surveys covering most of the child-related Sustainable Development Goal indicators.

In 2025, 71 countries implemented surveys under the UNICEF-supported Multiple Indicator Cluster Survey programme, the largest remaining global survey programme providing internationally comparable data on health, demographic, education and protection outcomes for children and their families.

精準運用數據，能救人一命，更能改變人生。在關鍵時刻掌握正確數據，能讓決策更明智、資源分配更公平，為兒童權益築起更堅固的屏障。

UNICEF 投入逾 1.12 億美元的資金推動與兒童相關的家庭調查，並持續支援各國政府進行調查，內容涵蓋大多數與兒童相關的「可持續發展目標」(SDGs) 指標。

2025年，已有71國參與了UNICEF支援的「多指標類集調查」(MICS) 計畫。作為全球目前最大的跨國調查專案，它為兒童及家庭在健康、人口特徵、教育與保護等領域，提供了具備比對價值的國際關鍵數據。

Partnering for Impact: Delivering Critical Relief Across Borders

鼎力相助 攜手同心：為絕境中的孩子築起安全港灣

UNICEF HK extends its heartiest appreciation to **ZeShan Foundation** and **Si Yuan Foundation** for their vital support, which directly funded UNICEF's life-saving emergency responses and child protection operations across crisis-affected regions.

Funding from ZeShan Foundation strengthened critical protection networks in Sudan and Afghanistan. In Sudan, the programme enabled case management and alternative care for 802 separated and at-risk children, trained 155 frontline social workers, and delivered psychosocial support to 1,242 individuals. Following the Afghanistan earthquake, funding established child-friendly spaces and mobile teams providing regular psychosocial care to over 1,000 vulnerable children and women, alongside delivering life-saving messages to over 5,000 of residents.

Concurrently, generous support from the Si Yuan Foundation powered rapid relief during major disasters. In Afghanistan, UNICEF-supported facilities delivered over 60,000 primary healthcare consultations, treated 6,169 trauma cases, and reached over 14,000 people with psychosocial support. In Myanmar, following the devastating 7.7-magnitude earthquake, the contribution sustained essential health, nutrition, and WASH services for millions in hard-to-reach areas. Through these transformative grants, both foundations have helped UNICEF bring safety, healing, and hope to children when they need it most.

UNICEF HK 衷心感謝 **擇善基金會** 與 **思源基金會** 的慷慨捐助，支持 UNICEF 在戰亂及天災地區推行多項關鍵的人道主義救援項目。

擇善基金會的善款推動了蘇丹與阿富汗的兒童保護工作。在蘇丹，項目成功為802名失散兒童和處境危險的兒童提供照護，培訓逾155名前綫社工，並為1,242人提供心理支援；在阿富汗地震災區，捐款亦資助設立兒童友善空間與流動服務隊，定期為逾1,000名受災兒童及女性提供社交心理支援與保護，並向5,000居民普及生命救援資訊。

同時，思源基金會的緊急捐款為災區注入即時救命物資。UNICEF於阿富汗的支援醫療機構提供逾6萬次診症服務並治療6,169宗創傷個案，為超過1.4萬人提供精神健康與社會心理支援服務；在緬甸7.7級強震後，捐款亦支援食水、個人及環境衞生等服務，惠及數以百萬計受災民眾。這兩份深厚的情誼與無私支持，讓無數困境中的孩子重新看見希望。

Cross-Sector Collaboration

Pioneering a New Model for Social Good

In light of the escalating global challenges impacting children, cross-sector collaboration has become increasingly important. UNICEF HK, China Resources Longdation (CR Longdation) and Long Caring announced a landmark strategic partnership by signing a Memorandum of Understanding (MoU). This partnership will leverage the unique strengths of each organization: CR Longdation's diverse business portfolio and resource network across Hong Kong, Long Caring's deep-rooted experience in serving local communities and fostering inclusion, and UNICEF's global authority, advocacy, and expertise in child rights. Collectively, they will mobilize resources, enhance public awareness of issues affecting children, and contribute to building a more inclusive, resilient, and child-friendly society.

跨界合力

攜手開創社會公益新模式

影響兒童福祉的全球挑戰持續加劇，跨界合作因而變得愈發重要。UNICEF HK、華潤隆地及潤愛同行三方早前簽署於香港的首個戰略合作備忘錄，正式展開戰略合作伙伴關係。此次合作充分發揮三方的獨特優勢，善用華潤隆地於香港多元的業務場景及資源優勢、潤愛同行連結本地社區及促進共融的深厚經驗，再加上 UNICEF 於全球兒童工作及倡議的專業知識及權威，三方將合力推動資源調配，加強公眾對兒童福祉相關議題的關注，共同推動社會朝更包容、更具韌性及更兒童友好的方向發展。
